"Critical thinking, connection to the past, and self-discovery are just three of the (proven) benefits of a class visit to a museum."

-Erin Branham
Education Specialist, Getty Villa

Our programming is made possible thanks to the funding from the following generous sponsors:

Telford Foundation
The Mary Nickell Foundation
Alexander & Suzanne Rhea Foundation

Follow us
### Student Programs

#### Greenbrier Pioneer Days
**Grades K-12**
Explore the Coffman Covered Freight Wagon and a pioneer's trunk. Experience life as a settler of Greenbrier Valley.

#### WV Games & Toys
**Grades K-5**
Discover and enjoy classic toys of the past, before we had modern electronics.

#### Civil War Studies
**Grades 3-12**
Interact with an army medical chest, primary source letters or a soldier's knapsack.

#### What's in the Cupboard?
**Grades K-5**
Curious artifacts are hidden behind these cupboard doors? Can you guess what they were used for?

#### Transportation & the WV Mail
**Grades K-12**
Learn about the history of transportation and the timeline of the postal system as we know it today.

#### Historic Cemetery Walks
**Grades 3-12**
Tour the local cemeteries and uncover the stories of residents laid to rest. Understand the symbolic art of the gravestones.

#### North House Museum Tours
**Grades K-12**
Journey through the 200-year-old North family home and explore dynamic and interactive exhibits.

#### From Thread to Cloth
**Grades 1-12**
The Industrial Revolution began with textile production. Spin wool, weave cloth, and enjoy a hands-on immersion into the fiber arts.

#### Black History Walking Tour
**Grades 3-12**
Explore important sites of African-American history in Lewisburg, including the Dick Pointer Cemetery and downtown Reconstruction-era businesses. Beginning February.

#### Age of Steam: The 1919 Greenbrier Junction Model Railroad
**Grades K-12**
Examine Greenbrier area life and industries after World War I. Learn how engineering and computers make the trains run on time. Beginning January.
